MISHAP OF A MISSIONARY.

Miss Inhoff Has Her Glasses Smashed and Loses an Eye.

NEW YORK, June 1.—The missionary society of the Methodist Episcopal church sends to the Associated Press the following letter: A dispatch from Vancouver has been extensively printed affirming that Miss Inhoff, a teacher in the Anglo-Japanese school in Yonezawa, went into the temple devoted to the god Usuyou, on the day devoted to the natives to worship of the god, and preached against the worship of graven images and answered at the native deity. At the conclusion of the sermon Miss Inhoff was chased, knocked down with stones and her eyes put out.

The facts in the case are that Miss Inhoff had been holding a service at her own usual place. On her way home a stone was thrown by a man, who hit one of her glasses breaking it and driving some pieces into her eye. She received skillful treatment and it is hoped they will be saved. Her spirit of forgiveness toward the perpetrators of the deed has got admiration from Christians and non-Christians.

Watch for the programme of the Amphion concert to be given June 15th.

A NARROW ESCAPE!

How it Happened.

The following remarkable event in a lady's life will interest the reader: For a long time I had a terrible pain in my heart, which first tumbled almost incessantly. I had no appetite and could not eat. I was so weak that I could not sit up in bed and belch gas from my stomach until I thought every minute would be my last. There was a feeling of oppression about my heart, and I was afraid to draw a full breath. I couldn't sleep a room without sitting up and crying, but, thank God, by the help of New Heart Cure all that is past and I feel like another woman. Before using the New Heart Cure, I had been treated by doctors without any benefit until I was both discouraged and disgusted. My husband bought me a bottle of Dr. Miles' New Heart Cure, and am happy to say I never regretted it, as I now have a splendid appetite and sleep well. I weighed 135 pounds when I began taking the remedy, and now I weigh 120 lbs. Its effect in my case has been truly marvelous. It far surpasses any other medicine I have used. The New Heart Cure is sold on a positive guarantee by all druggists, or on receipt of price, \$1 per bottle, six bottles \$5, express prepaid. This great discovery by an eminent specialist in heart disease, contains no opiates nor dangerous drugs.

FUSION COMPLETE.

What They Think of Kansas Democrats and Populists

In and Around the Capitol at Washington.

JERRY MUCH BETTER.

Condition of the Kansas Congressman Very Hopeful.

WASHINGTON, June 1.—[Special.]—"General Black and I are out of it," said Hon. A. J. Hunter of Illinois in a talk on the politics of that state. "The reapportionment cut out the two congressmen at large, but I can tell you who is in it with something like certainty."

Illinois Politics.

"In the first place, there is Frank Aldrich, who will come back, of course, for his present district is safely Republican, and Larry McGann will come back because the legislature could not very well help making a Democratic district in his part of Chicago, and the same may be said of Mr. Durbin, so there are two Democrats and one Republican to start on. McGann is a good member, too, and strong with the labor interest, which he is earnestly trying to serve while admitting that there are many and very great difficulties in the way. Julius Goldzier will be renominated, but as the division now is you must calculate for yourself. Mr. Hopkins of the strong Republican Fifth district will come back, of course, and so will Messrs. Hill, Henderson and Childs of the next three districts, all Republicans. Hamilton Wheeler, now of the Ninth, is cut out by the reapportionment, which leaves his residence in Joe Cannon's district, and Joe already has the delegates to renominate him. Mr. Post of the Tenth would be all right in his present district, with its big Republican majority, but his renomination and election are both doubtful in the new deal. Marsh of the Eleventh will be renominated, but the Democrats are pretty confident they will defeat him. As to John McDannold of the Twelfth, we consider his renomination doubtful. Sprague will be renominated, of course, and, in my opinion, re-elected, although he will have the fight of his political life, for the Republicans are going to combine every possible interest against him and leave no bush unshaken to beat him. In fact, they consider that it is now or never, and they will have plenty of outside help.

"Mr. Funk of Bloomington will be renominated with good chances, for there is a fair Republican majority. Joe Cannon, as I said, will be renominated and re-elected, and so will George Fithian. Mr. Lane, Democrat, of the Seventh, is renominated and will come back. Mr. Forman of the Eighteenth is not a candidate for renomination, and I am afraid the nomination would be of no use to him, as the Republicans are pretty numerous in his present district. In the Nineteenth, however, the Democrats will re-elect Mr. Williams. Mr. Smith, in the Twentieth, is already renominated, and as the Republican majority is 3,000 or so I suppose you will have to count him in. As to the new districts, I will reserve a doubt for the present, only I want to say this—that all this talk about there being a split in the Democrats is entirely premature. It depends a good deal on the fellows at the other end. If they get that tariff bill through, and it goes in to force early in the summer, there will be a tremendous revival. Consumptive demand will force it, for the shelves are bare, and by the general pauperizing of different lines of business there will be a rise in prices."

A Forgetful People.

"You think, then, that the depression will soon be forgotten?"

"Why not? The American people have already forgotten all the strikes and riots and wholesale murders of 1892, and 60 men on the floor of this house will swear that it was a year of general peace and prosperity. It's the same with the great riot year of 1877. I can find you eminent men who will declare there never were such times as these. I can find you who elect. The fact is we Americans can beat any people in the world in forgetting our troubles as soon as they are passed. The average American might have his arm shot off and forget it as soon as the stump healed if he didn't miss it every hour, and even then he might swear he was off because he could still feel the fingers as physicians say they do. Black and I, however, are impartial because we are out and can look on the other fellows' chances philosophically."

"I am sorry you are out, for you are two good men."

"Ah, that's the reason we are out," and with a dry smile the genial gentleman closed the interview.

While the repeal of the 10 per cent tax on state bank issues was a burning question it was quite amusing to hear the comments of the far western members, for out there goldbugs, silver bugs and greenbackers unite in looking upon state bank money with a feeling mingled of abhorrence and contempt. Mr. Bowers of California says: "It is all plaguy nonsense anyway, and so far as California is concerned they might as well authorize the old hand looms, for our state constitution forbids anything of the kind. We have a Dennis Kearney constitution, it is true, but the Kearneyites had less use for state banks than we Republicans. There can be no money in California except the legal tender coin and currency of the United States, and as to such money coming from another state, they wouldn't touch it. Our financial system is sound and our political prospects brilliant. They laid off my district for a cinch, but Cleveland carried it by only 400, and I carried it by 1,000."

The Kansas Populists.

Hon. Jore Simpson has recovered sufficiently to be taken to the White Sulphur springs, and his condition is now so hopeful that his colleagues say he will be renominated. It is added that all the Kansas Populists will be given a chance to try it again, and they expect to make a glorious state fight against Major E. N. Morrow, who, they assume, will be the Republican candidate for governor. He was a member of the house here for six years and as chairman of the committee on invalid pensions made a fine record. His army record is good, and of course the Republicans count much on the soldier vote. We are assured that the fusion between the Populist and Democrats is a little more complete than it ever has been, and expert politicians on both sides agree that the fight in Kansas this year will be simply terrific, one of those things worth going a thousand miles to see. Incidentally

great gains are expected by the Democrats because of the success of Senator Martin in getting the colored Democrat, Mr. Taylor, confirmed as recorder of deeds for this district for the colored vote is large in Kansas. Mr. Taylor received one of the grandest ovations of recent years on the evening of his confirmation, nearly all the colored people of the city being out. The colored men's National Democratic club is already hot in the fight.

KELLY TOOK THE RATIENS.

He Gets Ahead of Gen. Speed and His Followers.

ST. LOUIS, June 1.—Gen. Kelly and his army have left St. Louis, but only after a lively scuffle with Col. Speed's followers. Kelly stole a march before dawn on Speed by secretly putting all the rations on board a commissary boat under guard.

He tried also to take the hospital tent, but as there were a number of Speed men in it he was prevented. When the army started out in Iowa, they had something like 140 boats. Kelly had the advantage of numbers this morning, and as the Speed men refused to vacate their boats, about 100 of them were carried off.

They acted peaceably enough until they got out into midstream, when they cut loose with six-inch boats and made for the Illinois shore, carrying about fifty Kellyites with them. They landed somewhere in the neighborhood of East St. Louis and told the Kellyites to clear out. They did, but succeeded in getting across the Missouri to join their comrades.

Colonel Speed succeeded in holding 12 other boats, and as Kelly's forces have been recruited by about 200 men since he landed here, he was not able to get all his force on board the boats he retained, so he remained behind and marched down Broadway to Carondelet, where he joined his naval forces. The navy dropped down the river to Nagle avenue, where they landed to cook breakfast. Col. Speed remained at the camp with part of his men, and will depart later, going overland and selling his boats on the east side if possible.

THE HIGHEST AWARDS.

Royal Baking Powder has all the Honors—In Strength and Value 20 per cent Above its Nearest Competitor.

The Royal Baking Powder has the enviable records of having received the highest award for articles of its class—greatest strength, purest ingredients, most perfectly combined—wherever exhibited in competition with others. In the exhibitions of former years, at the Centennial, at Paris, Vienna and at the various State and Industrial fairs where it has been exhibited, judges have invariably awarded the Royal Baking Powder the highest honors.

At the recent World's Fair the examination for the baking powder awards were made by the experts of the chemical division of the Agricultural Department at Washington. The official report of the test of the baking powders which were made by this department for the specific purpose of ascertaining which was the best, and which has been made public, shows the leavening strength of the Royal to be 160 cubic inches of carbonic gas per ounce of powder. Of the cream of tartar baking powders exhibited at the Fair, the nearest competitor of this tested contained but 133 cubic inches of leavening gas. The other powders gave an average of 111. The Royal, therefore, was found of 20 per cent greater leavening strength than its nearest competitor, and 44 per cent above the average of all the other tests. Its superiority in other respects, however, in the quality of the food it makes as to fineness, delicacy and wholesomeness could not be measured by figures.

It is these high qualities, known and appreciated by the women of the country for so many years, that have caused the sales of the Royal Baking Powder, as shown by statistics, to exceed the sales of all other baking powders combined.

THE COLORADO FLOODS

The Water Continues to Rise During the Night—Manitou Damaged.

DENVER, June 1.—Platte river continued to rise until 8 a. m. today, and a raging torrent is likely to continue pouring through this city all day.

Colfax and Jerome parks were flooded at 11 o'clock last night, and the people living on the low ground had to flee for their lives. The railway embankment was washed away in places, and bridges were badly damaged.

In Jerome park and vicinity 165 families were driven out of their homes and are camped on higher ground.

Edward Whitman, a boy, fell into the torrent and was drowned. It will be several days before trains can be run on schedule time on any of the roads entering Denver. The Denver & Rio Grande railroad is running trains only to Colorado Springs, owing to a bad washout just below there. Missouri Pacific and Rock Island trains using the Rio Grande tracks are consequently cut off. The Santa Fe is in a worse predicament, its tracks being washed away in many places in the Arkansas valley. It is sending trains over the Rio Grande by the way of Trinidad.

MANITOU, Colo., June 1.—Business is practically suspended and hundreds of men are working to save their property. The stream from Williams canon is rushing over a mineral wash, part leaving gravel in place of grass. Tons of earth have been torn from the pavilion grounds. Dynamite has been used frequently to demolish gorges. The damage to streets, parks and private property cannot now be estimated.

FLOOD LOSS AT BOULDER.

Mining Camps of Crisman and Salida are Swept Away.

BOULDER, Colo., June 1.—The pipe factory, five houses, the railroad tracks and all the city and railroad bridges have been washed away by the flood in Boulder creek.

The towns of Crisman and Salida mining camps in Boulder canon, the former six and the latter nine miles from Boulder have been wiped out of existence. They had a population of about 200 who are now homeless. Many places the mines are ruined. The total loss in and around Boulder is estimated at \$500,000.

Our line of trousers is now complete; note prices below: \$4, \$5, \$6, \$7, \$8, \$9, \$10. Our five dollar line are the best in the city for the price. Fit guaranteed.

NEWS OF KANSAS.

The Friends of Law and Order at Wichita,

Preparing to Make War On the Jointists in Earnest.

OTHER STATE NEWS.

Commencement Recital of State University Music School.

WICHITA, June 1.—War on the jointists has been threatened for several weeks and not long since complaints were all ready to file against several places and injunctions were to have been placed upon certain business blocks. This threatened trouble blew over for a time.

Now, however, Judge McCannless, assistant prosecuting attorney, filed complaints in three different cases, of twelve counts each, and the witnesses who will be subpoenaed are among the best business men in the city, and their testimony will cause a sensation.

The complaints are against John Goodyear, V. S. Gillespie and J. C. Foster. Goodyear was in court only a short time ago in a divorce suit with his wife. Gillespie is the Goodyear hotel and Captain Foster is the well-known ex-detective who makes the Goodyear corner his headquarters.

Friends of the parties for whom these warrants call say that it is a case of revenge for other matters, and that they will get even by filing complaints against other jointists. In this way war will spread, and soon the whole fraternity will be jumbled up in a fight together. It is said that the police and sheriff's offices are at loggerheads, and that they may take sides. In that case it is hard to foresee where the battle would terminate.

It is a fact that Sheriff Royce has been in hot water for some time because of repeated and protracted visits from anti-liquor organizers, such as Christian Endeavor people and Law and Order societies. These people have threatened to take decisive steps unless something was done at once to abate the joints, and it was even declared that proceedings against the city and county officials would be instituted unless arrests were made soon. As it is there is an air of uncertainty and alarm manifest in official circles just at this time.

The warrant calls for every bit of liquor found in the place, such as whisky, beer, wine and the bottles and other bar fixtures.

COMMENCEMENT IN MUSIC.

The Annual Recital of the State University School of Music.

LAWRENCE, June 1.—The annual commencement concert of the school of music of the university was given last night. Professors Penney Preyer and Parrell of the department opened the concert with a number from "Faust" for a piano, violin and organ. The others who took part were Miss Anna Bundy of Westport and Miss Margaret Leavenworth, Miss Abbie Noyes of Lawrence, Miss Minnie Summerfield of Litchfield, Ill., Miss Martha Wilson of Horton and Miss Marion Inness.

This evening the department of elocution and oratory will give its first annual contribution to commencement week. A clever and entertaining programme has been prepared and will be given under the direction of Mrs. A. H. Clark. A small stage has been erected in the university chapel, and one or two sketches will be given by the pupils of the school.

ACCIDENTS TO CHILDREN.

An Unusual Number of Serious Injuries to Children at Home.

HORE, June 1.—This has been a week of casualties for children near this town. The two year old son of Henry Doutell, living seven miles west, was kicked in the head by a horse and his skull crushed.

The eight year old son of Al Hostetter, living five miles south, was caught in a harrow and run over, being badly cut.

To complete the list, the seven year old boy of James Nelson, living north of here, fell out of a wagon and the wheels passed over him, producing almost fatal injuries.

WANTED TO BE ARRESTED.

An Old Soldier Has so Much Trouble He'd Like to Be Locked Up.

LEAVENWORTH, June 1.—James Malloy, an old soldier, picked up a brick and an iron bar and proceeded to demolish the United States mail box at Fifth and Shawnee streets directly in front of the police station.

He was arrested before he could do the box much harm. Asked what object he had in destroying the box Malloy said he had had much trouble over his pension and wanted to go to the penitentiary. He is still in jail.

To Dredge the Lake.

LAWRENCE, June 1.—The directors of the Lake View club have let the contract to dredge the lake and rid it of weeds and grow so rank and interfere with the fishing. The workmen will begin Monday. It is a difficult job and will require many days' work.

Pharmacist's Adjourn.

SALINA, June.—The state pharmaceutical association has finished its labors and adjourned. Each member was presented with a handsome souvenir badge of aluminum and ribbon. The association meets at Leavenworth next year.

There will be an open air concert at Garfield park tonight, by Marshall's Military band.

There will be an open air concert at Garfield park tonight, by Marshall's Military band.

BENNETT TO LEAVE.

The Coxeyite General at Leavenworth Won't Wait for Sanders.

LEAVENWORTH, June 1.—General Bennett, who brought the last contingent of the industrial army to the city, is preparing to leave at the earliest possible moment. He says Leavenworth is a nice town to remain in, but he started for Washington and will not be satisfied with losing a minute's more time than is necessary. He is now trying to raise money enough to purchase flat boats for his men.

Engineer Lowellyn, who ran the Sanders train from Colorado to Kansas, was released from the county jail on bail, yesterday. Wardens Chase of the penitentiary going on his bond of \$600. Capt. Morgan, another of the men who has been, it is alleged, trying to create an unfavorable impression about General Sanders, was arrested and placed in the county jail yesterday on the charge of having forged passes for men to visit the city.

WANT TO ARREST KELLY.

A Charge Made That Kelly Attempted to Shoot a Man.

ST. LOUIS, June 1.—Just after Kelly's departure from St. Louis Marshal McCambridge of Madison appeared with a warrant for his arrest, sworn out by Patrick P. Holdeman, who alleged that Kelly attempted to shoot him near Alton a week ago.

Kelly has not since touched Illinois, but Holdeman will pursue him personally as his fleet is on waters touching the Illinois shore.

\$500 Worth of Bankrupt Stock.

Consisting of clothing, furnishing goods, hats, caps, boots and shoes will be on sale at 526 Kansas avenue on Monday, June 4. The entire stock will be closed out within the next twenty days, the largest and most sacrificing sale ever known in Topeka; also a lot of carpets and a lot of remnants to be closed out at less than any manufacturers cost price. We guarantee each purchaser will save 50 per cent by purchasing each dollar's worth of goods at the great sale. You can't afford to miss it. Sale commences on Monday, June 4th, 526 Kansas avenue.

Garfield Park Tonight.

Marshall's Military Band will give a grand open air concert at Garfield park this evening, commencing at 8 o'clock.

Valentine, Harkness & Godard today

moved their law office into a handsome suite of rooms in the new Real Estate building at Seventh and Jackson. Their rooms are at the northeast corner on the second floor.
